

Ventura County Fire Department Captain saves \$5,000 on closing costs

"I like to say the Coastal Housing Partnership became a beacon of light in the home buying fog that we had experienced. Coastal Housing Partnership is approachable and makes the idea of buying a home an attainable dream, and not this long drawn-out process in order to buy a home."

Anthony Romero

Ventura County Fire Department Chief

Ventura County Fire Department Captain Anthony Romero thought he would have to rent for the rest of his life; he'd been looking for a home to purchase for years. Romero and his wife Monica had seen prices escalate and were continually outbid when they made offers. As their family grew, they almost gave up hope. When Romero found out that his employer provided him a housing benefit through nonprofit Coastal Housing Partnership, the picture became brighter. Today, his home purchase is one of the many success stories Coastal Housing Partnership is proud to have been a part of.

As a result of Coastal Housing Partnership programs, the Romero family received a \$5000 credit toward closing costs from the builder, in addition to receiving a significant credit from the on-site lender toward closing costs.

Since its inception, Coastal Housing Partnership has helped thousands of families become home owners. Coastal Housing
