

Mortgage Refinance Benefit

Refinancing a home loan can be an effective way to reduce your housing costs. Lenders in the Coastal Housing Partnership network provide a range of savings on the upfront costs of refinancing your mortgage. You can find out what savings each lender provides in our [Network Directory](#).

Once you’ve decided who to work with, you must provide them with a Letter of Authorization to verify that you are employed by a Coastal Housing Member Company.

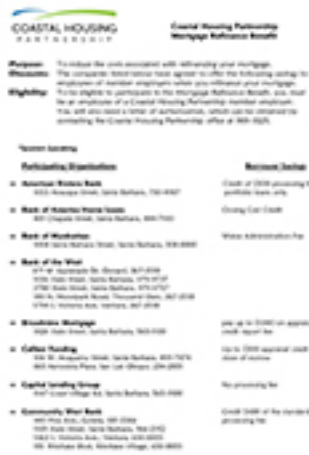

Now choose a lender from our network and start saving!

“So, all I have to do is give the Letter of Authorization to my lender and I save money? But that’s too easy.” – UCSB Employee

“The process was very smooth, and it worked out great.” – County of Ventura employee
