Established in 1987 by a coalition of local companies tired of losing valuable talent to the high cost of living here, Coastal Housing Partnership has been providing housing benefits to local employees for over 33 years. Today we serve [over 60 companies](#) that employ more than 45,000 employees in the Santa Barbara and Ventura counties. These employers value our housing benefits as a vital component of their recruitment and retention strategies.

Our benefits support employees on their path to home ownership, helping them establish roots and connect to the community – an important foundation in developing employee loyalty. Offering housing benefits to your employees can give them the security and confidence to settle down in the area instead of relocating. Don't let our housing market detract from your recruiting and retention of valuable talent. Let us help you retain your valued employees. Join Coastal Housing and help keep your employees local!

"I am very happy to have found a great lender and awesome real estate agent through the program. They have been very helpful and patient to answer all my questions." – FLIR employee

"The assistance of CHP is great, and the partners we're working with are amazing. We LOVE our realtor and lender who are both part of CHP." – Yardi employee

In today's environment, employee benefits that improve morale take center stage in creating a supportive workplace. Companies on FORTUNE Magazine's annual list of *Best Companies to Work For* consistently make employee morale and work-life balance a priority. In addition to the industry-standard salary, growth opportunities, and health benefits – these firms provide a variety of additional benefits to encourage both personal and professional success. Coastal Housing membership provides a work-life balance benefit to employees and demonstrates your commitment to the well-being of your employees.

Our member companies represent a diverse range of industries—education, finance, legal, health care, technology, non-profit, local government—underscoring the strength of Coastal Housing Partnership benefits regardless of industry or sector. Cost-Effective Benefit

The cost of membership with Coastal Housing is tiered based on employee count – making it affordable for any size organization. Besides, the cost is minimal compared to the savings associated with staff retention. Less turnover means lower recruitment and training costs, greater knowledge retention, and personal and professional satisfaction.

Most often, the savings that even 1 or 2 employees achieve using our benefits exceeds the cost of annual dues.

"The Coastal Housing partnership was an essential support in buying our first home. When we start looking again, I know it will be then too. I am so happy my employer is a member!" – UCSB employee
